

How to Turn Off / On Pop-Up Blocker in Windows 7?

Pop-up Blocker:

Pop-up Blocker limits or blocks pop-ups on sites that you visit. You can choose the level of blocking you prefer, turn on or off notifications when pop-ups are blocked, or create a list of sites that you don't want to block pop-ups on. Pop-up Blocker settings only apply to Internet Explorer.

To turn Pop-up Blocker on or off:

1. Open **Internet Explorer**, select the **Tools** button , and then select **Internet options**.
2. On the **Privacy** tab, under **Pop-up Blocker**, select or clear the **Turn on Pop-up Blocker** check box, and then select **OK**.

Block all pop-ups:

1. Open **Internet Explorer**, select the **Tools** button , and then select **Internet options**.
2. On the **Privacy** tab, under **Pop-up Blocker**, select **Settings**.
3. In the **Pop-up Blocker settings** dialog box, under **Blocking level**, set the blocking level to **High: Block all pop-ups (Ctrl + Alt to override)**.
4. Select **Close**, and then select **OK**.

Turn off notifications when pop-ups are blocked:

1. Open **Internet Explorer**, select the **Tools** button , and then select **Internet options**.
2. On the **Privacy** tab, under **Pop-up Blocker**, select **Settings**.
3. In the **Pop-up Blocker** settings dialog box, clear the **Show Notification bar when a pop-up is blocked** check box.
4. Select **Close**, and then select **OK**.
